Medical information for Off-site Visits:

Details of any medical condition that my child suffers from and any medication my child should take during off-site visits.

.....
.....

It is not legally required for the school to request written parental consent from you for many off-site activities offered by the school—for example, year-group visits to local amenities—as such activities are part of the school’s curriculum and usually take place during the normal school day. It is also not a legal requirement for the school to seek consent more than once in a pupil’s/ student’s life at a school. However, due to changing circumstances which may affect medication and dietary requirements etc. it seems good practice to issue the form once per year and as-and-when deemed sensible. Thank you for your understanding and cooperation.
