**Supplementary terms and conditions when a Community Assisted Place has been agreed
(disregard paragraphs that do not apply)**

1. Interest will not be charged on agreed deferred payments while they are accumulating, and will not be charged during the repayment period, provided there is a signed repayment schedule and full repayment is made as soon as possible and within a maximum of 2 years of the family's last child leaving the school. Otherwise the school's standard interest rate for sums overdue will be applied.
2. The parent(s), carer(s) or other fee payer(s) paying the school fees agree(s) to inform the school immediately of any material change to their financial circumstances which could assist in higher fees being paid and less being deferred or reduced.
3. The school will review regularly with parent(s), carer(s) or other fee payer(s) paying the school fees their financial circumstances with a view to requesting payment of some or all of the difference between the agreed school fee shown overleaf and the total school fee in the event that a change in those circumstances makes this possible.
